## PROFILE

I completed web development projects and i am proficient in C++ programming. I am seeking a role in a company where I can contribute my ideas and be mentored toward a successful career.

## SKILLS

- Proficient in HTML, CSS, and JavaScript.
- Version control systems like Git.
- Programming languages : C & C++
- Understanding basic of data structures and algorithms.
- Problem-solving and analytical skills to develop efficient solutions.
- Collaboration and teamwork to work effectively on projects.

## PROJECTS

### Developer services provider

Jun 2023 – Jul 2023

*Website for a developer*

- Developed and designed a professional website showcasing developer services using HTML and CSS.
- Created three distinct templates for web development, app development, and UI/UX design to highlight expertise and versatility.
- Successfully integrated content and design elements to enhance user experience and promote developer services effectively.

### Portfolio website

May 2023 – May 2023

*Developed online portfolio*

- Crafted a personalized portfolio website using HTML, CSS, and JavaScript.
- Featuring a professional introduction, comprehensive curriculum vitae (C.V.), engaging blog section, and an interactive "Contact Me" form.
- Providing a seamless way for visitors to connect and explore collaboration opportunities.

### My Tune

Feb 2023 – Mar 2023

*A music service platform*

- Creation of a dynamic music service platform website, leveraging HTML, CSS, and JavaScript.
- Established and managed content for a music service platform website.
- Curating engaging music and video content to enhance user experience.
- Contributed to the growth of the platform by consistently delivering high-quality, relevant content, enriching the overall user engagement.

## PROFESSIONAL EXPERIENCE
